## As much car as you need.

### Live in the city centre? Looking for an inexpensive and flexible option to get around town, whenever you want?

The answer is Flinkster: the new, flexible and unbeatably cheap car sharing system right outside your door, throughout the city centres of Cologne and Stuttgart (including Vaihingen). And best of all – you only pay for the time you use the Flinkster: EUR 1.50 per hour plus flat-rate kilometre charge.

Instead of high running costs and the soul-destroying search for a parking space near your home, why not opt for this inexpensive, uncomplicated and environment-friendly alternative?

## Convincing advantages.

There are lots of arguments in favour of Flinkster – and each and every one is convincing.

- **Inexpensive:** you only pay for as long as you need the car – EUR 1.50 per hour plus flat-rate kilometre charge.
- **Convenient:** you can find Flinksters all over the city centre – in Cologne and Stuttgart to begin with.
- **Simple:** register, book – and drive off.
- **Stylish:** all Flinksters are modern, compact Alfa Romeo MiTos with air-conditioning and sat nav.
- **Fair:** charges are based on half-hourly increments and there is no registration fee\*, no deposit, no fixed monthly charge.
- **Environment-friendly:** each Flinkster can replace up to 10 cars – which is good news for the environment. Moreover, all Flinkster cars already satisfy the strict EURO 5 standards and produce less CO2 than most other vehicles.

\*only EUR 20 initial charge which is fully credited to your Flinkster account.

## Simply register, book and drive off.

To ensure that you can set off in a Flinkster as soon as possible, first register at [www.flinkster.de](http://www.flinkster.de). After you have registered, show your driving licence and ID card at one of our sales outlets and you will immediately receive your customer card.

If you already have a DB Carsharing customer card, it is also valid for Flinkster cars. Simply book in the usual way – or register as a Flinkster customer to enjoy all the benefits.

You can start right away: book your Flinkster on the Internet free of charge and use your customer card to open it at the beginning of the time you have booked. At the end of the booked period, return the car to the location where you picked it up and use your card to lock it. There's no need for an exasperating search for a parking space.

## Right outside **your door.**

Flinksters are available in Cologne and Stuttgart city centres. So there is always a Flinkster somewhere near you.

The numbers are steadily growing. If you know of a vacant parking space nearby, get in touch with us and you will soon have "your own Flinkster" right outside your door.

### Cologne

Flinksters are waiting for you all over town, from Nippes to Bayenthal and Deutz to Lindenthal/Ehrenfeld.
